RYAN TO RETIRE
NEW YORK, N. Y., Dec. 23.—Thomas F. Ryan announced today that, yielding to the advice of his physician, he had resigned from the directorate of thirty-one corporations. The only enterprises in the management of which the financier retains a hand are the Morton Trust Company, the National Bank of Commerce, and the American Tobacco Company.

Ryan was told by his physician that the cares as the chief of so many of the financial organizations, some of which, such as the Equitable Life Assurance Society and the Interborough-Metropolitan Street Railway, were more than enough to tax the endurance of any one man, and were rapidly undermining his health. After a busy career of forty years, Ryan felt he could unburden himself from his many business responsibilities and devote his life to comparative leisure.

Among the corporations from which Ryan has resigned are the Commercial Trust Company of Philadelphia, the Continental Rubber Company of America, the Mercantile Trust Company of New York, and the Seaboard Air Line Railway.

The younger generation who could, with the proper ambition and training, take hold of this work, earn good salaries, and carry it through.

Mr. Babbitt will, in all probability, take up this question extensively in his report to the Legislature. He is sending to the various schools all over the islands for statistics on the subject and these will be compiled to show exactly the status of affairs.

THE BARK Nuanu will sail either tomorrow morning or afternoon for Kona to load sugar for New York, via the Horn.

THE MANCHURIA will arrive here Friday, January 6, from Yokohama, and the Nippon Maru will come in the same morning from San Francisco.

CAPTAIN JOSELYN of the bark Nuanu dislocated his left shoulder yesterday about noon through slipping on a sidewalk.

THE AMERICAN-HAWAIIAN company's steamer Pleiades sailed from Seattle for Honolulu direct on January 3.

THE MATSON freighter Hyades sailed from Kahului for San Francisco January 2.

AS MODIFIED
The usual crowd of loafers were seated around the stove in the village grocery. "I never lied to my wife in my life," began one of the bunch, when he was interrupted by a unanimous laugh that was loud and long.

"That I didn't get caught at it," ended the speaker, after the laugh had subsided. Whereupon silence reigned supreme for nearly twenty-three seconds.

MUST GET LICENSE TEN DAYS PREVIOUS

Matrimonial Knot To Be Harder To Tie

Judge De Bolt has proposed some needed legislation with regard to the marriage and divorce problem, in his report to the Chief Justice. He says as follows:

With regard to the marriage contract, I would suggest that the statute (Sec. 2207, R. L., Act 42, Laws 1907), be amended making it necessary for the male at the time of contracting the marriage to be at least twenty years of age, and the female of at least eighteen years of age; that the license for the purpose of marrying shall be obtained at least ten days before the marriage; that the officer issuing the license shall immediately thereafter give public notice thereof; that the officer shall not knowingly issue a license when either of the parties have been divorced until six months thereafter; that the marriage of parties within six months after either of them have been divorced, except a remarriage of the same parties, shall render such marriage absolutely void; that the decree of divorce shall expressly prohibit the parties from contracting any marriage with third parties within six months from date thereof.

The violation of the statute (as thus amended) by the officials issuing the license and those performing the marriage ceremony should be made a misdemeanor with appropriate penalty.

I would also suggest that Section 2239 of the Revised Laws, as amended by Act 109 of the Laws of 1907, be amended by adding thereto the following: The judge shall not entertain jurisdiction of the libel until at least twenty days after such personal service shall have been completed; nor shall the judge entertain jurisdiction of the libel when the libellee shall have entered an appearance in the case without such personal service, until at least twenty days after such appearance.

The statute (Sec. 2232, R. L.) should also be amended, requiring evidence in corroboration of the evidence of the libellant as to the ground on which the divorce is sought.

I would further suggest that Sec. 2234, R. L., be amended by adding thereto the following, or words to the same effect: Whenever a libel for a divorce remains undefended, it shall be the duty of the Attorney General and the County Attorney to resist such libel; but no such prosecuting officer shall be employed in or allowed to conduct any suit for a divorce on the part of the libellant in the courts of this Territory; nor shall any such prosecuting officer be allowed to resist a libel for divorce in those cases where the libellee does not appear, if the attorney for the libellant is a partner of such prosecuting officer in the practice of law, or keeping his office with such prosecuting officer; but in all such cases the judge before whom the case is to be heard shall appoint an attorney to resist the libel, who shall be entitled to reasonable compensation therefor to be paid out of the public funds.

SHERIDAN WILL SAIL FOR COAST TONIGHT
Bound for San Francisco from the Orient, the United States Army transport Sheridan arrived here shortly after daybreak this morning. The mail flag, flying from the mainmast, announced that the big troopship was bringing the mail from the Orient, and soon a postoffice wagon was at the wharf taking the bags from the steamer.

The Dix being drawn up alongside the wharf usually occupied by transports, the Sheridan docked at the Oceanic wharf. Hardly had the ship gotten in, when "Blue Peter" was sent up to the peak, shattering the hopes of all those who expected the transport to remain here over-night. Entertainments which had been arranged for the officers were hurriedly called off when it was announced that the ship would continue on her journey at 5 o'clock this evening.

GREAT WIRELESS OUTFIT
VALLEJO, Calif., Dec. 23.—When the torpedo boat Paul Jones goes into commission next Wednesday she will be equipped with one of the most powerful wireless outfits to be found on any vessel of her size in the world. The crew of the Rowan will man the Paul Jones, and the Rowan also will be thoroughly equipped with wireless telegraph replacing the wireless telephone system now in use, and boats of her class that came around the Horn with the Battleship Fleet.

REPUBLICANS TO HAVE
(Continued from Page 1)

prescribe their duties, and the same provision is made in regard to the duties of the Committee on Fire Department and Electric Lights.

"And there will be no officers under the city and county," said Supervisor Quinn, who is chairman of the Road Committee, yesterday. "The road supervisor will be an employee, to be appointed by the committee the same as a salaried man, and the status of all the department workers from top to bottom will be the same. They will be employees, no matter what their position is."

The consequence will be that with no offices to fill the appointments made by the Mayor will inevitably go by the board, and the committees will have sole control.

The loveliest fight of the whole business is going on for the position of Road Supervisor. Each man holds that his appointment is good, and though the men who have been doing the work in the past are going ahead with it today, there is a large crowd of Fern appointees waiting in the office and in the hallway outside.

Tommy Cummins is out in the open, going ahead with his work today, while John Wilson, appointed by Mayor Fern, sits in the Road Supervisor's office. All of the boys in the office maintain that they will have no boss but Cummins. The government stables are shut up tight. Captain Coster keeping guard behind locked doors. Consequently there is little street work going on.

The Mayor, his secretary, C. L. Rhodes, and W. A. Kinney, the attorney, held a lengthy consultation this morning in the latter's office, presumably in regard to what steps should be taken, if any, to upset the action taken by the Supervisors at yesterday's meeting. Fern said yesterday that he regarded all action taken on that occasion as illegal, outside of that of approving the bonds of the officers, as this was the business for which the meeting had been specially called.

Fern, Rhodes and Kinney were all seen after the meeting, but none of them would say anything about what had been done, or what decision had been arrived at.

GRIZZLED VETERAN A VERY SICK MAN
Major General Weston, lately in command of the Department of the Philippines, but now bound for San Francisco to take temporary command of the Department of California, is the ranking officer on board the Sheridan. Sickened by the command in the Philippines, and return to the United States.

The stern and grizzled face of the old warrior shows the effects of the suffering through which he has gone, and it is patent to everyone that a few months more service in the tropics would have been too much for him. Try as he would this morning, General Weston was not able to hide the fact that he is a very sick man.

General Weston has a brilliant record in the Army, and the left breast of his service blouse is ornamented with a string of service ribbons that extends from buttonhole to shoulder seam.

THE AMERICAN bark Saint Catherine, Captain Herbert, sailed this morning at 11 o'clock for San Francisco, with a small cargo of sugar.

SENATOR PLATT TO WRITE A BOOK
New Yorker Will Tell of Men and Events for Past Fifty Years

WASHINGTON, D. C., Dec. 15.—"The Leaves from the Diary of an Easy Bow" may be the title of a volume of personal memoirs soon to be issued from the pen of Thomas C. Platt, senior Senator from New York. Mr. Platt, who is apparently in better health than for many years, and is taking the liveliest interest in his official work, is preparing to put into enduring form his personal recollections, covering a life of unusual activity.

Mr. Platt has told a New York friend of long standing in the last forty-eight hours that he will buckle down to the work as soon as he can throw off the Senatorial toga. He has not been an observer of the passing political show for the last half a century for nothing. Notes on men and events that passed in review have been made by him and preserved. The Senator has a vast storehouse of information in the New York offices of his express company.

It is asserted that he will very frankly with the Conkling-Platt incident of the Garfield administration, and bring to bear correspondence and unassailable testimony to show that the author was far from being a "me too" in that affair. The Senator is now disposed to take the public into his confidence on some of the spiciest personal phases of his career, believing that the facts will show that he has been more of a victim than an offender.

ACQUIRED WISDOM.
The Man—"I wanted to get married when I was 21, but my father said I didn't have sense enough. So I waited until I was 30."
The Maid—"And you married at 30?"
The Man—"Oh, no; at 30 I had too much sense to wait a while."

Chicago, Dec. 23.—How the Christmas tree is symbolic of Christ is pointed out by Professor N. de Jassy, a distinguished French scholar here. "In the early days mankind worshipped the tree," says he, "and there is no god who was not represented as a tree or as dwelling in a tree. With the Jews, Jehovah dwelt in the fir or the pine. The Greek and Roman gods and goddesses dwelt in trees or are represented by trees. They are the soul of vegetative life and Christ himself in the allegorical names attributed to him and supposed to be called by himself, show him as in near connection with vegetable life."
